

## Tyro Group Expands to the USA with Acquisition of EnviroSMART in Texas.

Tyro Group is proud to announce the acquisition of EnviroSMART Multifamily Pest Solutions, a leading environmental and pest control provider based in the United States. This marks a major milestone for Tyro Group as its first acquisition outside of Europe, signalling the company's expansion into the U.S. market and reinforcing its commitment to building a group of carefully selected, high-performing, customer-focused pest control businesses.

Founded in 2009, EnviroSMART has earned a strong reputation for its dedication to delivering exceptional service to multifamily property customers across Texas.

*"We are thrilled to welcome EnviroSMART into the Tyro Group family," said Svein Olav Stolen, CEO of Tyro Group. "Expanding into the USA is a major milestone for us, and partnering with EnviroSMART makes this step even more exciting. Their professionalism, culture, and outstanding customer service mirror our own values and make them the perfect partner as we grow our international presence."*

The partnership will enable EnviroSMART to leverage Tyro Group's network-wide support, operational expertise, and investment capabilities to enhance its growth and service offerings throughout the United States.

*"Joining Tyro Group provides an incredible opportunity for EnviroSMART to continue growing while maintaining our focus on delivering high-quality pest management," said John Weigel Founder of EnviroSMART. "We're excited to be part of a global group that shares our passion for service excellence."*

This acquisition strengthens Tyro Group's mission to unite leading pest control companies under one collaborative banner, driving innovation, quality, and customer service excellence.

The Aust Group acted as the exclusive advisor to EnviroSmart on the transaction.
