Tyro Group Expands into Canada with Pest Control Plus

Tyro Group announces the acquisition of Pest Control Plus, an established pest management company based in the Greater Toronto Area.

The acquisition marks Tyro Group's entry into Canada and represents another important step in the Group's continued expansion across North America.

Founded in 2004, **Pest Control Plus** serves residential, commercial, and property management customers across the Greater Toronto Area and throughout Ontario. The company is recognized for its customer-focused approach and high-quality service.

"We are proud to welcome Pest Control Plus to Tyro Group. It was clear from our very first conversations that we share the same values around quality, customer service and long-term relationships. Entering the Canadian market is an important milestone for Tyro Group, and together we look forward to supporting the continued growth and success of Pest Control Plus," said **Svein Olav Stolen**, CEO of Tyro Group.

The partnership will enable Pest Control Plus to benefit from Tyro Group's network-wide support, operational expertise and long-term investment capabilities, while continuing to build on its local expertise, strong customer relationships and commitment to service excellence.

"Joining Tyro Group enables us to continue developing Pest Control Plus while staying true to the service, people and customer relationships that have been central to our success. We are excited about the next chapter and the opportunities ahead as part of an international group that shares our commitment to quality and customer service. I look forward to continuing to work alongside our team and building on the success of Pest Control Plus," said **Mark Joseph**, Founder of Pest Control Plus.

The acquisition further strengthens Tyro Group's strategy of partnering with strong local pest management companies, supporting their long-term growth through shared expertise and investment while preserving each company's local identity, entrepreneurial culture and customer relationships.
